

Charity Support

In our meeting we discussed different charities which we would like to support. We decided that we would continue to support Mary Ann Evans Hospice a local charity that provides care for very poorly people.

We are also sponsoring a child called Cristopher Robles; he is a five year old boy who lives in Honduras. We are going to sell ice pops after school on a Friday, this will help him to go to school and get health screenings. As he grows older he will be helped to support his community.

Love for Learning / Learning for life

Outwoods School Council

NEWSLETTER SUMMER 2017

Clothes for Refugees

In November the School Council asked you to donate clothes for Syrian refugees. We collected 30 boxes of clothes and School Council helped to fold them all neatly and prepare them for their journey to a refugee camp in Athens. As you can see the children look happy with the clothes and we hope to support this charity again soon.

Suggestion Box

Outside Mrs Dandy's office is a School Council suggestion box. This is for children, parents and staff to put their suggestions about how to make the school better. Please fill out a slip and we will discuss your suggestions at the next meeting.

Thank you to Sammy, Kaden, Daniel, Alfie and Logan for helping to write this newsletter.

Playground Pals

We decided to get some Playground Pal bibs because some people on the playground didn't have anyone to play with at break or dinner time.

Mrs Taylor and Mrs Johnson ordered the bibs for School Council to wear so that children have people to play with.

The Friends of Outwoods then matched the number of bibs we bought and we are hoping that everyone will always have a friend whenever they are on the playground.
